

Purchasing & Implementation Timeline: School-Adopted Curriculum and Assessment Resources

This document supports school leaders in understanding the process for purchasing and implementing an alternative resource for curriculum and/or assessment, if declining district-adopted option(s). Please note that while the timeline below outlines a best practice process for a school to purchase a curriculum and/or assessment resource, it should be adjusted to meet the school's individual needs and calendar.

PURCHASING TIMELINE

December: Attend Universal Flexibility information session and review resources to learn about curriculum, aligned professional development, and assessment options:

- District-adopted curriculum, including available materials and associated supports.
- District summer professional learning dates and associated supports.
- District local and READ Act assessments, including associated training and supports.
- Available devolvement fund amounts by area, if declining district options.
- Decision-making timeline.

January - Early February: Make Universal Flexibility decisions for curriculum, professional learning, and assessment:

- If declining district options, determine which resource you will use.
- Complete flexibility decision form (by 2/2/18) identifying the resources you will use and how these will meet the needs of your students, as well as [legal and technology requirements](#).

February: Begin purchase of curricular/assessment materials/tool: understand process, collect preliminary count, request quote:

- C&I/ARE will send you an email connecting you with Strategic Sourcing contact ([Maggie Wolfe@dpsk12.org](mailto:Maggie_Wolfe@dpsk12.org)). Work with Strategic Sourcing to understand:
 - Historical context of vendor including data sharing agreement and terms of use contracts.
 - Typical purchasing timeline.
- Determine your school's curricular/assessment needs for both print and digital resources.
 - Discuss aligned professional learning/training needs with vendor.
- Determine your school's projected student body population.
- Receive vendor quote for curriculum materials/assessment licenses at school scale.
 - Evaluate financial impacts of purchase with support of Budget Partner.
- Finalize Data Sharing Agreement and terms of use contract in conjunction with DoTS / Legal.
- Assume an 8-week shipping timeline for any curriculum materials.

March - April: Using vendor-provided quote, generate requisition and purchase order for materials/licenses:

- Finalize materials/licenses needed based on student counts and desired resources.
- If purchasing a subscription, determine subscription start date in alignment with school need and calendar.
- Purchase curricular resources and/or assessment licenses:

- Create a requisition for curriculum/assessment purchase.
- If purchasing professional learning from a third party, training/PD days must be included in the quote or a separate requisition must be created.
 - If training is happening at school site, schools must follow the [Independent Contractor Agreement \(ICA\) process](#).
- All requisitions must be approved by principal.
- If a school needs assistance with this, please contact [Maggie Wolfe@dpsk12.org](mailto:Maggie_Wolfe@dpsk12.org).
- Schedule curriculum summer PD days and/or assessment training.
 - In compliance with DCTA contract, if PD/training takes place outside of the contract year:
 - Notify teachers by March 2, 2018.
 - Training cannot be held June 18, 2018-July 13, 2018.

May - June: Receive curriculum materials and/or access to assessment:

- Receive physical materials in building and confirm receipt in Lawson.
 - Depending on school needs, subscriptions may not begin until August.
- Take inventory of materials ensuring order is correct.
- Provide teachers access to materials/assessment over the summer.
- Please note that materials ordered after June 1st will be held for delivery until August, when schools are back in session.

July - August: Adjust material/license needs based on current enrollment and train teachers:

- Based on student enrollment, work with vendor to adjust order as necessary.
- Hold on-site professional learning/training surrounding curricular/assessment resources.
